

Product: **Combined range**
Producer: **Gastro-Haal, s.r.o.**

Type: **SPE-960 NSC**
Country of origin: **SR**

Purpose

The combined range with static and circulation oven is used for large capacity cooking and baking. It is designed for food establishments such as school canteens, restaurants, hospitals, factory, catering, military units and others.

Features of SPE-960 NSC:

Upper part: cooker with gas burners for cooking

- 6 powerful gas burners

Lower part: static / hot air oven for baking

- 3 inserts

- material inside the oven is stainless steel

- **power supply: electricity**

- upper and lower heating element

- temperature regulation in the oven from 50 ° C to 320 ° C

- separately controllable fan, sound signaling

- 1 cabinet with storage space

Construction:

- self-supporting massive and solid construction

- rounded edges without dangerous corners and protrusions

- slope design of the chimney on the top plate for safety

- removable chimney in the back of device

- adjustable feet

- simple operation, low consumption and low operating costs

Standard accessories included in the price:

- grid for smaller pots

Optional accessories for an additional fee:

- stainless steel grate

- enamel baking pans

Technical descriptions

Line	900
Type	SPE-960 NSC
Description	combined range
External dimensions (mm)	1400x900x900 mm
Gas burners (pc)	6 pc
Type of oven	static, hot air
Heating	
Gas connection (")	1/2"
Input of burners (kW)	3x3,7/2x4,8/1x7
Input of oven (kW)	4,1 kW
Input in total (kW)	27,7
Nominal current (A)	10
Nominal voltage (V)	3 N - 400V, 50Hz
Nominal gas pressure (G-20) kPa	2
Nominal gas pressure G31 - propan - I3P (kPa)	3,7
Gas consumption G20 - I2H (m ³ /h)	2,77
Gas consumption G31 propane - I3P (m ³ /h)	1,07
Gas consumption G31 propane - I3P (kg/hod)	2,17
Thermostat range (°C)	50 - 300 °C
Possible cooking temperature (°C)	50 - 320 °C
Protection	
Index of protection	IP 41
Construction, savings, safety	
Inserts in oven (pc)	3 pc
Sound signaling	yes
Rounded edges without danger corners and protrusions	yes
Adjustable feet	yes
Weight (kg)	150 kg
Options for extra fees according of valid Price list	
Enameled trays	yes (extra fee)
Stainless steel rack	yes (extra fee)
Grid for small pots (reduction on burner)	free of charge
